## WHAT IS SPECIAL RECREATION?

Parks and Recreation offers recreational activities to people with developmental disabilities. The goals are to improve or maintain physical, cognitive, emotional and social functions and promote healthy, independent leisure lifestyles. Year-round programs are offered in classes, events, clubs and camps. The programs stress choice, involvement and self-direction while offering recreational experiences, new challenges and socializing in a safe environment. To ensure safety and enjoyment of others in recreational programs, participants are expected to display appropriate behavior. The success of all recreation activities depends not only on good planning and instruction, but the conduct of participants. Appropriate behavior includes the ability to follow instructions and interact with others in a socially acceptable manner. Must be mobility independent and able to attend to personal needs. It is to be noted that the annual, non-refundable insurance fee of \$6.15 must be paid before participating in any Sunshine program.
